

WINE DESCRIPTION

CHÂTEAU LA SABLE ROSÉ 2019

APELLATION LUBERON PROTÉGÉE

Our family vineyard is located in Cucuron (Provence), in the Luberon Natural Park; surrounded by olive trees and forests.

We are committed to produce a quality wine while respecting the environment and have farmed organically since we acquired the estate in 2018.

Appellation: A.O.P. Luberon

Grape Varieties : : Mostly Grenache
From 50-years old vines

Terroir: Sandy terroir, at an altitude of 250m, facing south and protected on the mountain-side by a forest, which promotes biodiversity.

In this sandy soil, the vines can go very deep, which amplifies the original expression of this terroir.

Harvest: Hand-harvest in small 20kg cases

Wine making: Light pressing of whole bunches, with a pneumatic press to limit the colour extraction. Alcoholic fermentation for about 2 weeks at low temperature to protect aromas. Aging on fine lees in stainless steel tanks.

Tasting Notes: Rose petal colour, clear and shiny. Subtle nose, with red fruits and delicate flowery notes. Good intensity on the palate, delicate and fresh, with a good balance. A vibrant and long finish extends the feeling of freshness.
