

WINE DESCRIPTION

CHÂTEAU LA SABLE RED 2020

APPELLATION LUBERON PROTÉGÉE

Our family vineyard is located in Cucuron (Provence), in the Luberon Natural Park; surrounded by olive trees and forests.

We are committed to produce a quality wine while respecting the environment and have farmed organically since we acquired the estate in 2018.

Appellation: A.O.P. Luberon

Grape Varieties : Syrah 55%, Grenache 35%, Carignan 10%. From 20 to 55 years old vines

Terroir: Sandy terroir, at an altitude of 250m, facing south and protected on the mountain-side by a forest, which promotes biodiversity.

In this sandy soil, the vines can go very deep, which amplifies the original expression of this terroir.

Harvest: Hand-harvest in small 20kg cases

Wine making: Selective sorting of the grapes. Alcoholic fermentation for about 3 weeks. Alternating daily plunging and pumping over to allow for a delicate and slow extraction of colour and flavour. Aging for 80% in oak barrels.

Tasting Notes: Deep red colour. Intense on the nose, with notes of ripe red and black fruits. On the palate, it is overall fine and well balanced. The start is round, and the flavours of dark fruits are followed by a spicy finish.

Serve around 15-17°C

Alcohol: 14,5% vol.
