

WINE DESCRIPTION

LA SABLE WHITE "M" 2020

INDICATION GÉOGRAPHIQUE PROTÉGÉE MÉDITERRANÉE

Appellation: IGP Méditerranée

Grape Varieties : Viognier, Marsanne, Roussanne, typical of the Rhône Valley. The vines are 15 to 25 years old.

Terroir: The vines are located in Cadenet (Provence), in the Luberon Natural Park. They are at an altitude of 350 meters and surrounded by olive trees and oak trees.

The soil is fresh and made of clay, on terraces well windswept and facing north-west, which makes it perfectly adapted for these white grape varieties.

Wine making: Hand-harvest in small cases. Hand selection of the grapes. Light pressing of whole bunches, with a pneumatic press. Alcoholic fermentation for about 2 weeks in large oak barrels (600 litres).

Aging of 8 months in the same barrels.

Tasting Notes: Shiny, pale yellow colour. Rich and complex, it has pear aromas and notes of elderflowers. Round on the palate with a good freshness, it has a great balance and length, with notes of pear, white flowers and toasted almonds.

We are farming organically since 2019

The letter M comes from the vineyard location, a place called "Mauconseil", across the road from La Sable, our original vineyard.
